Summary

Results-driven IT graduate, specialized in front-end development. Proficient in HTML, CSS, and JavaScript, with hands-on experience in dynamic web applications using React.js. Key contributor on a live project at TechPaathshala, demonstrating effective teamwork. Skilled in Git and GitHub for seamless version control. Eager to apply technical expertise and collaborative skills in a professional environment.

Education

BSC (Information Technology) - Degree

VPM's R Z Shah College

12th- HSC

Mahatma Gandhi Junior College

- Year of Passing: 2020
- Attained - 67.85%

Projects

Personal Portfolio Website

- Initiated an independent venture, constructing a dynamic personal portfolio website using HTML, CSS, and Javascript. Demonstrated prowess in web development by seamlessly integrating skills and achievements. The goal was to establish a compelling online presence that serves as a testament to dedication and proficiency. The result is a visually engaging platform, blending creativity and technical expertise, showcasing a commitment to excellence in web design and development.

FilmFiesta (Movie App)

- Revolutionized movie-viewing with my dynamic React.js app, seamlessly integrating the TMDb API. Users swiftly log in, immersing in a cinematic wonderland. Beyond an app, it triumphs by consolidating all movie info, offering a comprehensive cinematic overview. Added benefits: enhanced UI and design, an action-packed gateway to an immersive film journey like never before!

Live Project - Techpaathshala

- Collaborated seamlessly within a team at TechPaathshala, actively contributing to the creation of a live project. Gained hands-on experience, delving into the intricacies of industry operations and dynamics. Showcased initiative by designing a dedicated section within the project, enhancing its overall functionality and user experience.
